March 9, 2009

To Whom It May Concern,

Angelorum is a small non-profit, pro life pregnancy center in Shoreline, Washington. We rely on individual donations and fundraising opportunities to fund our ministry. On February 22, 2009, Donna Cori Gibson gave a concert at Holy Family Parish in Kirkland in our benefit. From my initial contact with Mrs. Gibson to the beautiful conclusion of the concert as she led us in prayerful singing of the rosary, it was a most enjoyable, professional and spiritual experience.

We were given very specific guidelines and timelines to ensure a successful and profitable outcome for our ministry. Mrs. Gibson also provided professional quality posters for advertising at surrounding bookstores and parishes and prewritten bulletin announcements making promotion of the event a very easy and enjoyable task. While distributing these posters, it became very apparent to me that the name Donna Cori Gibson is a name that is well known and highly regarded among the Catholic community. Her music reflects her desire to love unconditionally, to live obediently and to praise joyfully. After the concert, the bottom line for us was an average donation of \$15.50 per attendee\*. Considering the current state of our economy, I was extremely pleased and thankful for this amount.

I would absolutely recommend a performance by Donna Cori Gibson for your event. In fact, we are already planning a concert to coincide with the 2009 Season of Advent.

Joy & Peace,

Kathy Gipson  
Executive Director Angelorum Pregnancy Services
