Dear Donna:

I am writing both to thank you for the beautiful parish mission that you conducted in our parishes and to recommend your ministry to other parishes.

You were able to accommodate yourself to the type of parish mission that we wished to have. In fact, the parish mission that you led was different from any other type of parish event that we have had. You were able to blend beautifully your gift of sacred Catholic music and your ability to blend narratives and stories that reflect well the beauty of our Catholic faith. You were so expressive in speaking about the faith that you were able to radiate to all your personal convictions and love for Christ and His church.

I do hope that other parishes will profit from your ministry. Like us, by inviting you to be with them for several days of prayer, they will experience a revitalization of their faith especially through the use of your outstanding music. Those who participated in the mission only had praise for what they experienced through your leadership and your gifts. We were so impressed with your ministry that we decided to give one of your CD's to each family who comes to Christmas Mass this year.

Our parish event was so faith-filled. We do hope that others will have the opportunity to share in prayer with you and your music. May God continue to bless you.

Sincerely in Christ,

Rev. Msgr. Robert H. Aucoin  
Pastor
