Hi Donna: I just wanted to extend my appreciation for the concert you put on at St. Hubert. A lot of attendees have told me that it was a two hour prayer session that changed their lives. I was hoping that would be the outcome. Your sense of spirituality and prayer is contagious and challenges Catholics to not only say they are catholic but to live a Catholic life. Thank you for your evangelization. The Spirit working through you has changed my life. I look forward to your next CD and know that my prayers are with you and your family always. Blessings abundantly. Deacon Larry Jesmer
